

# **1<sup>st</sup> Grade ChatterpixKids Lesson Plan**

## ***If Numbers Could Talk...***

### **Focus Standards:**

MGSE1.NBT.1 Count to 120, starting at any number less than 120. In this range, read and write numerals and represent a number of objects with a written numeral.

ELAGSE1SL6: Produce complete sentences when appropriate to task and situation.

ELAGSE1SL5: Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.

Hook – What would numbers say if they could talk? What kinds of things would they say? Think about what you have learned about numbers and how they are represented.

Show students examples with iPad connected to the board. Then create one in front of the class.

### **Group Directions:**

1. Fill out the script together allowing students to share ideas for facts.
2. Show how to take a picture of the object/season chosen.
3. Once the script is written and picture is taken, show students how to open the app.

### **Independent Activity:**

1. Pass out color picture cards. Students will take a picture of one of the provided picture cards or create a picture of their own to take a picture of.
2. Student will fill out the script for their chosen object or season.
3. Practice the script with a partner before recording.
4. Open ChatterpixKids.
5. Click on Take Photo & take a picture of the chosen photo (or choose a photo already in the gallery (or camera role).
6. Press next.
7. Draw a line where you want the mouth to be. Press the microphone button at the bottom to record.
8. When done, press next. Now students may add stickers, borders, and labels (remind them to include their name).
9. Press next and review finished product.
10. When complete. Students should export the video to the camera role by clicking on the picture that looks like a phone at the bottom.

### **SAVE/SEND:**

1. Open the video up by clicking on the camera and locating the video.
2. Click on the box at the top with the arrow facing up. Videos may be sent to email or Google Drive. An email will send you a URL code. You will need to set up your drive and a folder to use Google Drive. If students have a SeeSaw account, the video can be uploaded directly to their page.

## If numbers could talk...

Hello! I am the number 73! I am an ODD number! If you add  $70 + 3$  you get me! I am made of 7 tens and 3 ones. 72 is one less. One more than me is 74. If you take 2 away from 75, you get me! If you add one ten to me, you would get the number 83!
