

Enabling Large Gallery and Together Mode

These settings will allow you to see more students on your screen at once.

1. Click on your initials icon (or picture) at the top of Teams.

2. Click on Settings in the drop down.

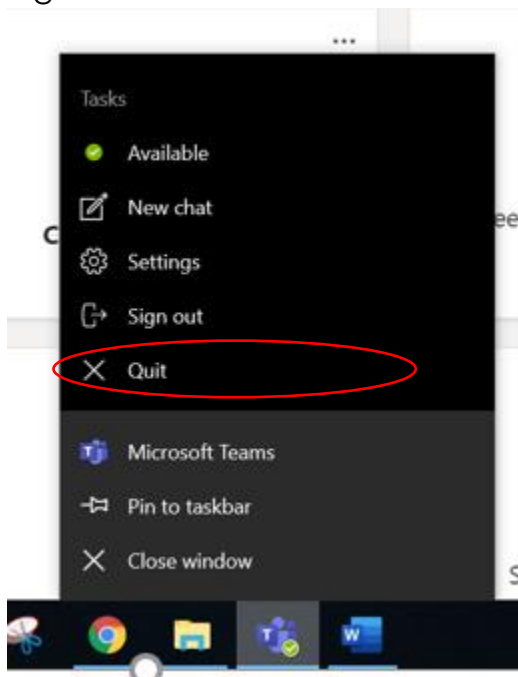

3. Click on Turn On New Meeting Experience.

Application

To restart, right-click the Teams icon in the taskbar, then select Quit. Then reopen Teams.

- Auto-start application
- Open application in background
- On close, keep the application running
- Disable GPU hardware acceleration (requires restarting Teams)
- Register Teams as the chat app for Office (requires restarting Office applications)
- Turn on new meeting experience (New meetings and calls will open in separate windows. Requires restarting Teams.)

4. Right click on the Teams icon. Click on Quit.

5. Restart your Teams by clicking on the Teams icon.

6. You should now be able to use Large Gallery and Together Mode when there are enough people on your call.

7. Watch this video to see how to turn on these features during your call:
