

# For Teachers

Top corner:  
Get Class code

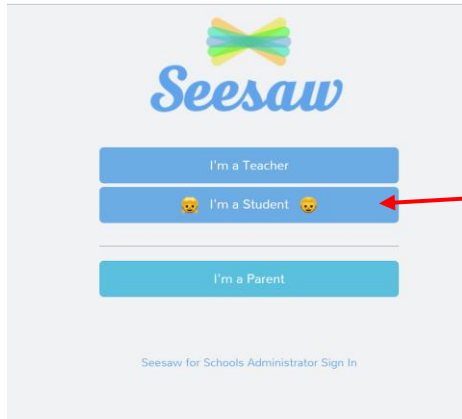

Choose: Text Class Code

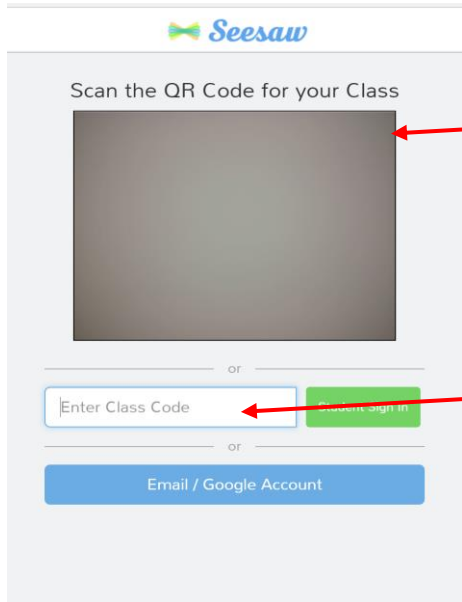

Students will enter the code that generates here. But that code only works for a 15-minute window. However, once the computer is logged in it stays logged in so students shouldn't need another code after that day.

# For Students

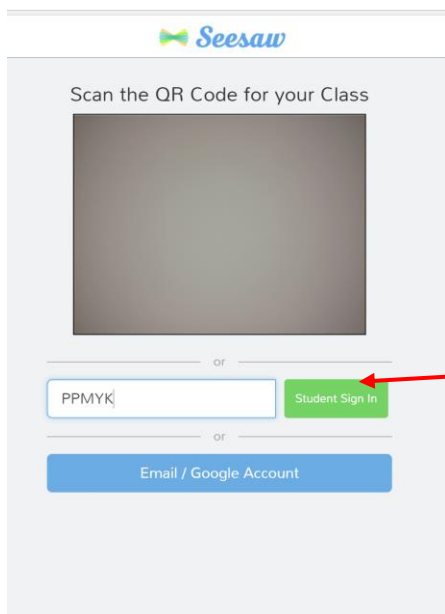

Students will select "I'm a Student"

If the laptop/computer has a Webcam they can scan it by holding a copy of the class QR code here

If no webcam, students can put the temporary code in this box.

Once students enter the code, They will click "Student Sign in"
